PREFACE

This book is the eighth annual Data Book on Illinois Higher Education. It provides ten sections of information on public and private colleges and universities in Illinois. The information was compiled from studies conducted or coordinated by the Board of Higher Education's staff.

The staff continues to attempt to minimize unnecessary duplication of reports. Thus, some of the data were collected through the federally sponsored Higher Education General Information Survey.

Several sections of this publication include summary tables from more detailed reports published separately. Some examples are: the Student Financial Aid Report, the Discipline Unit Cost Study, and the Faculty Credit Hour Study.

One objective of this document is to provide useful combinations of data about higher education in Illinois. Suggestions are welcome on improvements that will make this publication more useful. Much of the data contained in this book is in computer readable form. If new combinations or details which are not present in this book would be helpful, please contact the Board office.

Special acknowledgement is extended to staff who completed the surveys at each public and private institution. In many ways, the usefulness of this document is due to the accuracy and timeliness of their responses.

Richard D. Wagner
Executive Director
Illinois Board of Higher Education

Section I

CURRENT ENROLLMENT DATA

This section presents data on headcount and full-time-equivalent (FTE) enrollments in Illinois colleges and universities for Fall 1980. The data are from the Board of Higher Education's annual Fall Enrollment Survey.

Headcount

Table I-1 breaks out headcount enrollments within the three sectors by attendance status (full vs. part-time), location of instruction, sex and class level. (Table I-1 also presents total FTE for each sector.)

Table I-2 provides headcount enrollments by location, level of instruction and attendance status for each public university. (Table I-2 also presents total FTE for each institution.)

Table I-3 provides headcount enrollment breakdowns by location of instruction, type of instruction, attendance status and residence status for each public community college.

Table I-4 presents within-institution headcount enrollments by location of instruction, level of instruction and attendance status.

Full-Time-Equivalent

Table I-5 presents FTE degree credit enrollments at Illinois public universities by level of instruction and location of instruction.

The following definitions apply to the data in this section.

ENROLLMENT DEFINITIONS

Baccalaureate

Student academic program majors at public community colleges which include approved transfer, college parallel, liberal arts and science and baccalaureate-oriented programs which are classified under the National Center for Higher Education Statistics (NCHEMS) Program Classification Structure (PCS) code 1.1.

Degree Credit Enrollment

Students who have been admitted to a general or a specific course of study or program at the completion of which a degree/diploma/certificate is awarded by the institution. A certificate does not signify simply the completion of the courses of study through attendance, but rather indicates the completion of an organized curriculum and the achievement of competence in that curriculum. Students who have not yet declared a major (that is, indicated the specific program they will follow) but have taken and/or are presently enrolled in courses and activities attempted and completed by degree/diploma/certificate students are also included in this category.

Freshman

A student who has completed fewer than thirty semester hours (45 quarter hours).

Full-Time

Students taking 12 or more semester or quarter hours during the semester or quarter. A student's entire academic load in terms of course work or other activity (such as thesis, research, or required teaching) was counted. Institutions not on a semester or quarter system reported students taking at least three quarters of the institutionally defined normal full-time load as full-time students. Time spent by teaching fellows was included only if such teaching is performed as a requirement for a degree/diploma/certificate. Employment which is not a part of the prescribed activity for a professional degree or time spent on work required because of lack of undergraduate background was not counted as time spent on academic requirements.

Full-Time-Equivalent (FTE), Graduate I and II

The statistical enrollment unit calculated by dividing by 12 all degree/diploma/certificate credit hours generated by Graduate I and II students for the Fall term.

Full-Time-Equivalent (FTE), Professional

The statistical enrollment unit calculated by dividing by 12 all degree/diploma/certificate hours generated by professional students for the current Fall term. For professional students not receiving credit hours, the unit was calculated by adding the total number of full-time students to the sum of the appropriate fractional values of full-time load assigned to each part-time student.

Full-Time-Equivalent (FTE), Undergraduate

The statistical enrollment unit calculated by dividing by 15 all degree/diploma/certificate credit hours generated by undergraduate students for the Fall term.

Graduate I Student

A student holding a bona fide bachelor's degree who has been admitted to the graduate division either as a candidate for a master's degree, an advanced degree or certificate.

Graduate II Student

A student holding a bona fide master's degree or advanced degree or certificate beyond the master's degree, who has been admitted to a doctoral program. Also, a student holding a bona fide bachelor's degree, who has been admitted to a doctoral program and who has attained at least thirty semester hours toward the doctoral degree. Graduate II students can exist only in programs for which the institution offers a doctoral degree.

Headcount

The number of different, unduplicated individuals enrolled in a term.

Home-Study

Students who have a majority of their certificate or degree course load (credit hours) taught by the college by mail, radio, television or newspaper.

In-District

Public community college students who live within the community college district and who attend the community college within that district.

Junior

Institutionally defined. Normally, those students who have completed fewer than 90 semester hours (135 quarter hours) but at least 60 semester hours (90 quarter hours).

Occupational

Student academic program majors at public community colleges which include approved programs with job training, retraining, and/or upgrading of skills and which are classified under NCHEMS PCS code 1.2.

Off-Campus

Students who have the majority of their degree/diploma/certificate courses (credit hours) scheduled in other than on-campus facilities or who have registered for a majority of their course load (credit hours) through off-campus registration procedures. Students registered for equal numbers of credit hours in on and off-campus facilities were counted as on-campus students.

On-Campus

Students who have the majority of their degree/diploma/certificate courses (credit hours) scheduled in on-campus facilities or who have registered for a majority of their course load (credit hours) through on-campus registration procedures. Students registered for equal numbers of credit hours in on and off-campus facilities were counted as on-campus students.

Other Studies

Student Academic program majors at the public community colleges which include General Studies, Remedial/Development Education and Vocational Skills. These program majors are defined as follows:

General Studies - Students who have enrolled in a course sequence leading to a certificate in one of the approved general studies areas with the NCHEMS PCS code 1.5; personal development; homemaking; improving family circumstances; intellectual and cultural studies; health-safety environment; and community and civil development.

Remedial/Developmental - Students who have enrolled in a course sequence leading to a certificate in one of the approved basic skills development areas in mathematics, reading, and english for adults and for helping individuals acquire other educational skills and knowledge necessary for pursuing other educational offerings at the community college; NCHEMS PCS code 1.4.

Vocational Skills - Students who have enrolled in a course sequence leading to a certificate in one of the approved vocational skills areas in retraining, upgrading or advancement in a specific occupation or groups of occupations; NCHEMS PCS code 1.6.

Out-of-District

Students attending a community college whose residence is not within the boundaries of the community college district but is within the State of Illinois.

Part-Time

Students taking less than 12 semester or quarter hours during the semester or quarter. Institutions not on a semester or quarter system are to report students taking less than three quarters of the institutionally defined normal load as part-time students.

Professional

Students taking courses, wholly or principally, leading to a professional degree in dentistry, law, medicine, optometry, osteopathic medicine, podiatry, theology or veterinary medicine. Ordinarily, such students are enrolled in programs which require at

least two academic years of previous college work for entrance and which require a total of at least six academic years of college work for completion.

Senior

Institutionally defined. Normally those students who have taken 90 or more semester hours (135 quarter hours) but have not received the bachelor's degree in the program major in which they are enrolled.

Sophomore

Institutionally defined. Normally those students who have completed at least 30 semester hours (45 quarter hours) but have completed fewer than 60 semester hours (90 quarter hours) or a student without a previous degree who has more than 60 semester hours and is continuing to pursue an associate degree.

Unclassified Graduate

Students enrolled in degree credit courses who (a) are not pursuing an associate, bachelor, or higher degree, or (b) do not fulfill minimum requirements for entrance as regular students. At the post-baccalaureate level it includes students taking professional or graduate courses who are not working toward a degree.

Unclassified Undergraduate

Students enrolled in degree credit courses who (a) are not pursuing an associate, bachelor, or higher degree, or (b) do not fulfill minimum requirements for entrance as regular students. At the undergraduate level it includes transfer and other students whose transcripts have not been completely reviewed and who, therefore, cannot be classified by class level. Also included at the undergraduate level are students who already have a bachelor's degree or award below the baccalaureate but who are taking courses at the same level or lower and teachers taking additional undergraduate courses for certification.

Undeclared

The curriculum identifier for public community college students who have enrolled in instructional

courses who are not pursuing an associate degree or certificate or have not decided which instructional program to pursue.

Undergraduate

Those students who are at the Freshmen, Sophomore, Junior or Senior levels and the portion of unclassified students who have enrolled as undergraduates.

SOURCE: FALL ENROLLMENT SURVEY

Section II

STUDENT CHARACTERISTIC DATA

Section II presents student demographic data using dimensions of sex, level of instruction, attendance status, age, ethnic origin and residence of students enrolled in Illinois colleges and universities. Data for this section are from the Board of Higher Education's annual Fall Enrollment Survey.

Sex

Table II-1 presents headcount enrollments by sex within level of instruction for each Illinois public and private institution.

Attendance Status

Table II-2 presents headcount enrollments by attendance status (full or part-time) and level of instruction for each public and private Illinois institution.

Age

Tables II-3 and II-4 display age distributions of Illinois degree credit students by sector. Table II-3 presents age distribution by level (student major, for community colleges), while Table II-4 shows the distribution of age by sex for undergraduate and graduate students.

Tables II-5, II-6 and II-7 present age distributions by attendance status within sector for first-time freshmen, undergraduates and graduates, respectively. Community college data are also broken down by student major. Table II-8 presents average age of degree credit students by sex and level of instruction for each Illinois institution.

Racial/Ethnic Data

Tables II-9 and II-10 present racial/ethnic data for Illinois institutions. Table II-9 presents aggregate data by sector, while Table II-10 presents racial/ethnic data for each Illinois institution.

Residency

Table II-11 presents legal residence of on and off-campus undergraduate and entering graduate students by institution using classifications of in-state, out-of-state, foreign and unknown.

Table II-12 gives home county of in-state, first-time freshmen by type of institution and by sector, while Table II-13 gives home-county by attendance status within sector.

Table II-14 presents the home state of first-time freshmen enrolled in Illinois institutions by type of institution within sector.

STUDENT CHARACTERISTICS DEFINITIONS

Definitions from Section I also apply to this section. Additional definitions for new data elements presented in this section are as follows:

Age

The chronological age of students as of the last day for which Fall term registrations or withdrawals are allowed without penalty (normally the tenth day of the term).

County of Residence

The county where Illinois students were legally domiciled at the time of first admission to the institution.

Entering Students

The number of students at the indicated student level who enrolled for the first time at the reporting institution in the Fall term. Also included are students enrolled in the Fall term who attended the institution at the indicated student level for the first time in a 1980 Summer term.

First-Time Freshmen

Those students enrolling in the reporting institution during the Fall term who have not previously attended any college. Also included are students enrolled in the Fall term who attended college for the first time in the Summer of 1980 and students who entered with advanced standing (college credits earned before graduation from high school) at the freshman level.

Foreign Residence

Students who were legally domiciled in a country other than the United States of America at the time of first admission to the institution.

In-State Residence

Students who were legally domiciled in Illinois at the time of first admission to the institution.

Out-of-State

Students who were legally domiciled outside Illinois but within the United States of America and its possessions at the time of first admission to the institution.

Race or National Origin

Racial/ethnic designations do not denote scientific definitions of anthropological origins. For the purpose of this report, a student may be included in the group to which he or she appears to belong, identifies with, or is regarded in the community as belonging.

The definitions for these categories are:

- . . Non-Resident Alien - A person who is not a citizen of the United States of America and who is in this country on a temporary basis and does not have the right to remain indefinitely.
- . . Black, Non-Hispanic - A person having origins in any of the black racial groups of Africa.
- . . American Indian or Alaskan Native - A person having origins in any of the original peoples of North America, and who maintain cultural identification through tribal affiliation or community recognition.
- . . Asian or Pacific Islander - A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Sub-continent, or the Pacific Islands. This area includes, for example, China, Japan, Korea, the Philippine Islands and Samoa.
- . . Hispanic - A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture of origin, regardless of race.
- . . White, Non-Hispanic - A person having origins in any of the original peoples of Europe, North Africa or the Middle East.

Section III

ENROLLMENT TREND DATA

This section presents data concerning enrollment trends nationally, statewide, by sector and by individual institution, across several years and levels of instruction.

Headcount

Table III-1 presents total U.S. and Illinois headcount enrollments for the years 1951-1980, and Illinois by-sector enrollments for the same period.

Table III-2 presents total degree credit headcount trends for each Illinois institution from Fall 1971 through Fall 1980.

Full-Time-Equivalent

Table III-3 presents total degree credit FTE enrollments for each institution in Illinois from Fall 1971 through Fall 1980.

Sector, Class Level

Table III-4 presents total degree credit headcount enrollments by class level, by sector for the years 1971 through 1980.

Location, Level of Instruction

Table III-5 presents degree credit headcount and FTE enrollments by location of instruction for Illinois public universities, community colleges and private institutions, along with the Illinois total enrollments by level of instruction.

TABLE III-1

SOURCE: FALL ENROLLMENT SURVEY

Section IV

ACADEMIC PROGRAM ENROLLMENT DATA

This section presents enrollment data by academic program for Illinois public universities. The data were compiled from Table D of the Board of Higher Education's annual Fall Enrollment Survey.

Detailed Academic Program Enrollment Data

Table IV-1 presents academic program enrollments by institution for public universities. Information is presented by level within HEGIS discipline, showing enrollments for both Fall 1979 and Fall 1980. Associate degree enrollments have been aggregated under the heading 0000 (Other/Undeclared).

Academic Program Enrollment Summary

Table IV-2 summarizes Fall 1980 program enrollment data, showing enrollments by HEGIS discipline for each public university within each university system. Again, associate degree enrollments appear under Other/Undeclared.

SOURCE: FALL ENROLLMENT SURVEY

Section V

ADMISSION AND TRANSFER DATA

This section presents data on acceptances, applications, enrollments and transfers for the Fall 1980 term. The data are from the Illinois Board of Higher Education's annual Fall Enrollment Survey.

Admission

Table V-1 presents applications, acceptances and enrollment figures for first-time freshmen and transfer students in Illinois colleges and universities.

Table V-2 presents numbers of applications, acceptances and enrollments for entering professionals and entering graduate students in Illinois.

Transfer

Table V-3 presents aggregate data showing the trend of undergraduate transfers to Illinois public universities, community colleges and private institutions from five types of institutions from Fall 1979 through Fall 1980.

Table V-4 presents transfers to individual Illinois institutions from public universities, community colleges and private institutions for 1980.

Table V-5 shows undergraduate transfers from each Illinois two-year institution to each public university, while Table V-6 shows such transfers from public universities to two-year institutions.

SOURCE: FALL ENROLLMENT SURVEY

Section VI

DEGREES CONFERRED DATA

This section presents data on the number and type of degrees conferred by Illinois colleges and universities during the year ending June 30, 1980. The data are from the Higher Education General Information Survey (HEGIS) Form 2300-2,1.

Number of Degrees Conferred by Illinois Institutions

Table VI-1 presents the number of bachelors, masters, doctorate and first professional degrees conferred by Illinois colleges and universities from 1977-78 to 1979-80.

Table VI-2 presents the number of associate degree and certificate awards conferred during 1978-79 and 1979-80.

Number of Degrees by Academic Discipline, 1972-73 to 1979-80

Tables VI-3, VI-4 and VI-5 present summary data by HEGIS discipline showing the number of degrees conferred from 1972-73 to 1979-80. Table VI-3 treats bachelors-level; Table VI-4, masters; and Table VI-5 doctoral degrees conferred. Tables VI-6 and VI-7 present first professional and associate degree-level awards by "two-digit" HEGIS discipline.

Degrees in Various Fields of Study by Institutional Control and Sex

Table VI-8 presents the number and percent of degrees conferred by Illinois colleges and universities by field of study, type of institution and level. Table VI-9 breaks out these data by field of study, sex and level.

Section VII

STAFF DATA

This section presents data on faculty and staff of Illinois public and private colleges and universities. The data are from RAMP, HEGIS Form 2300-3 "Salaries, Tenure and Fringe Benefits," and the Illinois Board of Higher Education's annual Faculty Credit Hour Study.

Budgeted Staff Earnings, Levels

Table VII-1 presents state-appropriated staff earnings for public university employees at each university by type of employee. The data for this table are from FY82 RAMP figures.

Table VII-2 presents budgeted staffing levels in Illinois public universities in staff years by staff classification and fund source.

Sex and Rank

Table VII-3 presents number and sex of full-time faculty by rank at each Illinois public university as of Fall 1980.

Table VII-4 presents similar data for private universities and private four-year colleges in Illinois.

Salary

Tables VII-5 and VII-6 present average salary of full-time faculty at each public university by sex and rank; Table VII-5 presents data for faculty holding 9-month contracts, while Table VII-6 presents data for faculty on 12-month contracts.

Table VII-7 presents the percent of tenured full-time faculty at each public university by rank and sex.

Faculty Assignments, Load

Table VII-8 presents staff year faculty assignments at each public university by instructional activity and level of instruction.

Table VII-9 presents statewide student credit hours per staff year in Illinois public universities by discipline and level.

DEFINITIONS FOR STAFF DATA

Academic Staff

Administrative - Includes executive, administrative, and managerial assignments which require primary responsibility for organizing, planning and directing the institution and its subdivisions. Included in Tables VII-1 and VII-2 are professional staff who are non-Civil Service employees with primary responsibility in non-instructional areas.

Faculty - Those persons holding academic rank who have departmental assignments in instruction, organized research and public service. Academic department heads are included.

Graduate Assistants - Those persons who are enrolled at the Graduate I or Graduate II levels and who receive remuneration for performing services which are classified as instructional or professional.

Appropriated Funds

Those fund sources from which expenditures cannot be made without specific prior authorization by the General Assembly and the Governor.

Civil Service

Includes those employees having Civil Service appointments who are exempt from the Fair Labor Standards Act, those employees whose wages are based on the prevailing wage in the geographic vicinity of the university, those employees whose pay is negotiated (usually through a union collective bargaining agent) and all other employees who cannot be classified as academic staff or student employees.

Full-Time Faculty

Institutionally defined.

Full-Time-Equivalent (FTE) Faculty

Institutionally defined full-time-equivalent faculty member.

Instructional Activity

Direct Instruction - Those activities which apply to time and energy expended in face-to-face contact with students in a classroom, e.g., a lecture, laboratory, quiz or discussion group. Also included is instruction on an individual basis (e.g., supervision of Theses and Honors Reading), which may occur in a staff member's office, and instruction via correspondence.

Indirect Instruction - Those instructional activities related to other than direct instruction including:

- a) paper grading,
- b) course supervision,
- c) academic counseling (other than in an organized unit).

Departmental Research - Those research activities carried on with the institution's regular funds and carried on without specific sponsorship.

Departmental Overheads - Those administrative activities carried out in support of the efficient operation of the department.

Primary Functions

Instruction - Those activities which produce outputs eligible for credit in meeting degree or certificate requirements.

Organized Research - All research related activities established within an institution under terms of an agreement with agencies external to an institution or separately budgeted and conducted with internal funds.

Public Service - Those programs which produce outcomes directed toward the benefit of the community or individuals within the geographical service area of the institution.

Staff Year

A measure of staff effort over a 12 month period. For professional and administrative personnel, a staff year is defined as the equivalent of a one year, full-time position (including vacation). For faculty, a staff year is the equivalent of a full-time teaching load (as institutionally defined) for 12 months including one month vacation.

Student Employees

Those students enrolled at the institution who receive remuneration for performing services which are classified as other than executive, professional and instructional. Such employment is usually considered a form of student financial assistance.

Section VIII

STUDENT COST DATA

This section provides information concerning student charges at all Illinois colleges and universities as of the Fall 1980 term. These data are from the Illinois Board of Higher Education's annual Tuition and Fees survey -- and from figures submitted to the Illinois State Scholarship Commission.

Annual Tuition, Fees

Table VIII-1 displays annual tuition, fees and totals for full-time undergraduates and graduate students at each Illinois college and university. Figures represent in-state charges only for public universities.

Table VIII-2 presents annual tuition and fee charges for full-time professional students enrolled in selected areas of study at those Illinois colleges and universities offering first-professional degree programs.

Table VIII-3 presents detailed undergraduate fee charges at each Illinois public university.

Table VIII-4 presents student charges per credit hour for tuition and fees and total annual tuition and fees at Illinois public community colleges during the academic year 1980-81.

Room and Board Charges

Table VIII-5 presents annual charges for room and board at each public and private university and college in Illinois.

Section IX

STUDENT FINANCIAL AID DATA

This section presents data relating to student financial aid at Illinois colleges and universities summarized from the annual Illinois Student Financial Aid Survey. Tables IX-1, IX-3 and IX-5 present data relating to the dollar amount of financial aid awards. Tables IX-2 and IX-4 show the number of financial aid awards to the three sectors by source and type of award.

Trends in Dollars Awarded

Table IX-1 shows the amount supplied each sector by each source from 1975-76 to 1979-80.

Table IX-3 breaks down dollar awards to undergraduates by source, sector and type of financial aid.

Table IX-5 breaks down dollar awards to graduate students by source, sector and type of financial aid.

Trends in Number of Financial Aid Awards

Table IX-2 shows recent trends in the number of undergraduate financial aid awards, with breakdowns according to source, sector and type of award. Table IX-4 uses the same format to show recent trends in the number of graduate financial aid awards.

Section X

FINANCIAL DATA

This section presents information on financial support and expenditures for higher education operation and grant programs and on financial support for capital construction.

Summary of Historical Appropriations

Table X-1 provides an historical summary of annual State operating appropriations to higher education from FY1976 to FY1981.

Detailed Appropriation Trends

Tables X-2 to X-5 present annual State appropriations from FY1976 to FY1981. Table X-2 details appropriations to community colleges, while Table X-3 details appropriations to the Illinois State Scholarship Commission. Table X-4 shows State appropriations for Health Education Grants to private institutions. Table X-5 provides detailed data on State appropriations to the State Universities Retirement system.

Table X-6 presents three-year trend information showing State appropriations to public universities by source of funds and institution for FY1979 to FY1981.

Revenues

Table X-7 presents total audited revenues for Illinois public community colleges for FY1977 to FY1980. Tables X-8 and X-9 detail current fund revenues by source at public community colleges and private institutions, respectively, for FY1980.

Expenditures

Tables X-10, X-12 and X-13 detail current fund expenditures by function at Illinois public universities, community colleges and private institutions, respectively. Table X-11 breaks down annual audited expenditures for community colleges for FY1976 to FY1980.

Tables X-14 and X-15 provide per credit hour instructional expenditures at Illinois public universities. Table X-14 shows per credit hour instructional costs by student level, while Table X-15 summarizes per credit hour costs by discipline and level for all public universities.

Capital

Table X-16 presents an historical trend of capital appropriations for public higher education by funding source for FY1980 and FY1981.

PREFACE

This book is the ninth annual Data Book on Illinois Higher Education. It provides ten sections of information on public and private colleges and universities in Illinois. The information is compiled from data reported by Illinois institutions in studies conducted or coordinated by the Board of Higher Education's staff. While the staff is responsible for the accuracy of the compilation, the validity of source data depends upon institutional submissions. Special acknowledgement is extended to individuals at each public and private institution for their cooperation in completing the surveys. In many ways, the usefulness of this document is due to the accuracy and timeliness of their responses.

This year a simplified approach for classifying private institutions has been used in the Data Book. Private universities, colleges, and two-year baccalaureate colleges have been placed in the category Multiple Purpose Private Institutions. Other private institutions are classified as Limited Purpose or Proprietary depending on their corporate structure.

One objective of this document is to provide useful combinations of data about higher education in Illinois. Suggestions are welcome on improvements that will make this publication more useful. Much of the data contained in this book are in computer readable form. If readers desire new combinations or details which are not present in this book, they are invited to contact the Board office.

Richard D. Wagner
Executive Director
Illinois Board of Higher Education

Section I

CURRENT ENROLLMENT DATA

This section presents data on headcount and full-time-equivalent (FTE) enrollments in Illinois colleges and universities for Fall 1981. The data are from the Board of Higher Education's annual Fall Enrollment Survey.

Headcount

Table I-1 breaks out headcount enrollments at public universities, community colleges and private institutions by attendance status (full vs. part-time), location of instruction, sex and class level. (Table I-1 also presents total FTE for each sector.)

Table I-2 provides headcount enrollments by location, level of instruction and attendance status for each public university. (Table I-2 also presents total FTE for each institution.)

Table I-3 provides headcount enrollment breakdowns by location of instruction, type of instruction, attendance status and residence status for each public community college.

Table I-4 presents within-institution headcount enrollments by location of instruction, level of instruction and attendance status.

Full-Time-Equivalent

Table I-5 presents FTE degree credit enrollments at Illinois public universities by level of instruction and location of instruction.

The following definitions apply to the data in this section.

ENROLLMENT DEFINITIONS

Baccalaureate

Student academic program majors at public community colleges which include approved transfer, college parallel, liberal arts and science and baccalaureate-oriented programs which are classified under the National Center for Higher Education Statistics (NCHEMS) Program Classification Structure (PCS) code 1.1.

Degree Credit Enrollment

Students who have been admitted to a general or a specific course of study or program at the completion of which a degree/diploma/certificate is awarded by the institution. A certificate does not signify simply the completion of the courses of study through attendance, but rather indicates the completion of an organized curriculum and the achievement of competence in that curriculum. Students who have not yet declared a major (that is, indicated the specific program they will follow) but have taken and/or are presently enrolled in courses and activities attempted and completed by degree/diploma/certificate students are also included in this category.

Freshman

A student who has completed fewer than thirty semester hours (45 quarter hours).

Full-Time

Students taking 12 or more semester or quarter hours during the semester or quarter. A student's entire academic load in terms of course work or other activity (such as thesis, research, or required teaching) was counted. Institutions not on a semester or quarter system reported students taking at least three quarters of the institutionally defined normal full-time load as full-time students. Time spent by teaching fellows was included only if such teaching is performed as a requirement for a degree/diploma/certificate. Employment which is not a part of the prescribed activity for a professional degree or time spent on work required because of lack of undergraduate background was not counted as time spent on academic requirements.

Full-Time-Equivalent (FTE), Graduate I and II

The statistical enrollment unit calculated by dividing by 12 all degree/diploma/certificate credit hours generated by Graduate I and II students for the Fall term.

Full-Time-Equivalent (FTE), Professional

The statistical enrollment unit calculated by dividing by 12 all degree/diploma/certificate hours generated by professional students for the current Fall term. For professional students not receiving credit hours, the unit was calculated by adding the total number of full-time students to the sum of the appropriate fractional values of full-time load assigned to each part-time student.

Full-Time-Equivalent (FTE), Undergraduate

The statistical enrollment unit calculated by dividing by 15 all degree/diploma/certificate credit hours generated by undergraduate students for the Fall term.

Graduate I Student

A student holding a bona fide bachelor's degree who has been admitted to the graduate division either as a candidate for a master's degree, an advanced degree or certificate.

Graduate II Student

A student holding a bona fide master's degree or advanced degree or certificate beyond the master's degree, who has been admitted to a doctoral program. Also, a student holding a bona fide bachelor's degree, who has been admitted to a doctoral program and who has attained at least thirty semester hours toward the doctoral degree. Graduate II students can exist only in programs for which the institution offers a doctoral degree.

Headcount

The number of different, unduplicated individuals enrolled in a term.

Home-Study

Students who have a majority of their certificate or degree course load (credit hours) taught by the college by mail, radio, television or newspaper.

In-District

Public community college students who live within the community college district and who attend the community college within that district.

Junior

Institutionally defined. Normally, those students who have completed fewer than 90 semester hours (135 quarter hours) but at least 60 semester hours (90 quarter hours).

Occupational

Student academic program majors at public community colleges which include approved programs with job training, retraining, and/or upgrading of skills and which are classified under NCHEMS PCS code 1.2.

Off-Campus

Students who have the majority of their degree/diploma/certificate courses (credit hours) scheduled in other than on-campus facilities or who have registered for a majority of their course load (credit hours) through off-campus registration procedures. Students registered for equal numbers of credit hours in on and off-campus facilities were counted as on-campus students.

On-Campus

Students who have the majority of their degree/diploma/certificate courses (credit hours) scheduled in on-campus facilities or who have registered for a majority of their course load (credit hours) through on-campus registration procedures. Students registered for equal numbers of credit hours in on and off-campus facilities were counted as on-campus students.

Other Studies

Student Academic program majors at the public community colleges which include General Studies, Remedial/Development Education and Vocational Skills. These program majors are defined as follows:

General Studies - Students who have enrolled in a course sequence leading to a certificate in one of the approved general studies areas with the NCHEMS PCS code 1.5; personal development; homemaking; improving family circumstances; intellectual and cultural studies; health-safety environment; and community and civil development.

Remedial/Developmental - Students who have enrolled in a course sequence leading to a certificate in one of the approved basic skills development areas in mathematics, reading, and english for adults and for helping individuals acquire other educational skills and knowledge necessary for pursuing other educational offerings at the community college; NCHEMS PCS code 1.4.

Vocational Skills - Students who have enrolled in a course sequence leading to a certificate in one of the approved vocational skills areas in retraining, upgrading or advancement in a specific occupation or groups of occupations; NCHEMS PCS code 1.6.

Out-of-District

Students attending a community college whose residence is not within the boundaries of the community college district but is within the State of Illinois.

Part-Time

Students taking less than 12 semester or quarter hours during the semester or quarter. Institutions not on a semester or quarter system are to report students taking less than three quarters of the institutionally defined normal load as part-time students.

Professional

Students taking courses, wholly or principally, leading to a professional degree in dentistry, law, medicine, optometry, osteopathic medicine, podiatry, theology or veterinary medicine. Ordinarily, such students are enrolled in programs which require at

least two academic years of previous college work for entrance and which require a total of at least six academic years of college work for completion.

Senior

Institutionally defined. Normally those students who have taken 90 or more semester hours (135 quarter hours) but have not received the bachelor's degree in the program major in which they are enrolled.

Sophomore

Institutionally defined. Normally those students who have completed at least 30 semester hours (45 quarter hours) but have completed fewer than 60 semester hours (90 quarter hours) or a student without a previous degree who has more than 60 semester hours and is continuing to pursue an associate degree.

Unclassified Graduate

Students who hold a bachelor degree, or equivalent, and who have been officially enrolled in the graduate college, school, or division and are taking professional or graduate courses but are not working toward a degree.

Unclassified Undergraduate

Students enrolled in degree credit courses who (a) are not pursuing an associate, bachelor, or higher degree, or (b) do not fulfill minimum requirements for entrance as regular students. This category includes transfer and other students whose transcripts have not been completely reviewed and who therefore cannot be classified by class level. Also included at the undergraduate level are students who already have a bachelor's degree or award below the baccalaureate but who are taking courses at the same level or lower and teachers taking additional undergraduate courses for certification.

Undeclared

The curriculum identifier for public community college students who have enrolled in instructional

courses who are not pursuing an associate degree or certificate or have not decided which instructional program to pursue.

Undergraduate

Those students who are at the Freshmen, Sophomore, Junior or Senior levels and the portion of unclassified students who have enrolled as undergraduates.

SOURCE: FALL ENROLLMENT SURVEY

Section II

STUDENT CHARACTERISTIC DATA

Section II presents student demographic data using dimensions of sex, level of instruction, attendance status, age, ethnic origin and residence of students enrolled in Illinois colleges and universities. Data for this section are from the Board of Higher Education's annual Fall Enrollment Survey.

Sex

Table II-1 presents headcount enrollments by sex within level of instruction for each Illinois public and private institution.

Attendance Status

Table II-2 presents headcount enrollments by attendance status (full or part-time) and level of instruction for each public and private Illinois institution.

Age

Tables II-3 and II-4 display age distributions of Illinois degree credit students by sector. Table II-3 presents age distribution by level (student major, for community colleges), while Table II-4 shows the distribution of age by sex for undergraduate and graduate students.

Tables II-5, II-6 and II-7 present age distributions by attendance status within sector for first-time freshmen, undergraduates and graduates, respectively. Community college data are subdivided by student major. Table II-8 presents average age of degree credit students by sex and level of instruction for each Illinois institution.

Racial/Ethnic Data

Tables II-9 and II-10 present racial/ethnic data for Illinois institutions. Table II-9 presents aggregate data by sector, while Table II-10 presents racial/ethnic data for each Illinois institutions.

Residency

Table II-11 presents the home state of first-time freshmen enrolled in Illinois institutions by type of institution within sector.

Table II-12 presents home county of in-state, first-time freshmen by type of institution and by sector, while Table II-13 gives home-county by attendance status within sector.

STUDENT CHARACTERISTICS DEFINITIONS

Definitions from Section I also apply to this section. Additional definitions for new data elements presented in this section are as follows:

Age

The chronological age of students as of the last day for which Fall term registrations or withdrawals are allowed without penalty (normally the tenth day of the term).

County of Residence

The county where Illinois students were legally domiciled at the time of first admission to the institution.

Entering Students

The number of students at the indicated student level who enrolled for the first time at the reporting institution in the Fall term. Also included are students enrolled in the Fall term who attended the institution at the indicated student level for the first time in a 1980 Summer term.

First-Time Freshmen

Those students enrolling in the reporting institution during the Fall term who have not previously attended any college. Also included are students enrolled in the Fall term who attended college for the first time in the Summer of 1980 and students who entered with advanced standing (college credits earned before graduation from high school) at the freshman level.

Foreign Residence

Students who were legally domiciled in a country other than the United States of America at the time of first admission to the institution.

In-State Residence

Students who were legally domiciled in Illinois at the time of first admission to the institution.

Out-of-State

Students who were legally domiciled outside Illinois but within the United States of America and its possessions at the time of first admission to the institution.

Race or National Origin

Racial/ethnic designations do not denote scientific definitions of anthropological origins. For the purpose of this report, a student may be included in the group to which he or she appears to belong, identifies with, or is regarded in the community as belonging.

The definitions for these categories are:

- . . Non-Resident Alien - A person who is not a citizen of the United States of America and who is in this country on a temporary basis and does not have the right to remain indefinitely.
- . . Black, Non-Hispanic - A person having origins in any of the black racial groups of Africa.
- . . American Indian or Alaskan Native - A person having origins in any of the original peoples of North America, and who maintain cultural identification through tribal affiliation or community recognition.
- . . Asian or Pacific Islander - A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands. This area includes, for example, China, Japan, Korea, the Philippine Islands and Samoa.
- . . Hispanic - A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture of origin, regardless of race.
- . . White, Non-Hispanic - A person having origins in any of the original peoples of Europe, North Africa or the Middle East.

Section III

ENROLLMENT TREND DATA

This section presents data concerning enrollment trends nationally, statewide, by sector and by individual institution, across several years and levels of instruction.

Headcount and Full-Time-Equivalent

Table III-1 presents total U.S. and Illinois headcount enrollments for the years 1951-1981, and Illinois by-sector enrollments for the same period.

Table III-2 presents full-time-equivalent enrollments by sector for Illinois colleges and universities from Fall 1965 through the current year.

Table III-3 presents Illinois off-campus and home study headcount enrollments by sector from 1965 through the current year.

Table III-4 presents total degree credit headcount and FTE enrollments at each Illinois institution for selected years beginning with Fall 1965.

Sector, Class Level

Table III-5 presents total degree credit headcount enrollments by class level, by sector for the years 1972 through 1981.

Location, Level of Instruction

Table III-6 presents degree credit headcount and FTE enrollments by location of instruction for Illinois public universities, community colleges and private institutions, along with the Illinois total enrollments by level of instruction.

Section IV

ACADEMIC PROGRAM ENROLLMENT DATA

This section presents enrollment data by academic program for Illinois public universities. The data were compiled from Table D of the Board of Higher Education's annual Fall Enrollment Survey.

Detailed Academic Program Enrollment Data

Table IV-1 presents undergraduate academic program enrollments by institution for public universities. Associate degree enrollments have been aggregated under the heading 0000 (Other/Undeclared).

Table IV-2 presents graduate I and professional enrollments by discipline for each public university. Table IV-3 presents graduate II enrollments by discipline for the same institutions.

Academic Program Enrollment Summary

Table IV-4 summarizes Fall 1981 program enrollment data, showing enrollments by HEGIS discipline for each public university within each university system. Again, associate degree enrollments appear under Other/Undeclared.

SOURCE: FALL ENROLLMENT SURVEY

Section V

ADMISSION AND TRANSFER DATA

This section presents data on acceptances, applications, enrollments and transfers for the Fall 1981 term. The data are from the Illinois Board of Higher Education's annual Fall Enrollment Survey.

Admission

Table V-1 presents applications, acceptances and enrollment figures for first-time freshmen and transfer students in Illinois colleges and universities.

Table V-2 presents numbers of applications, acceptances and enrollments for entering professionals and entering graduate students in Illinois.

Transfer

Table V-3 presents aggregate data showing the trend of undergraduate transfers to Illinois public universities, community colleges and private institutions from four types of institutions from Fall 1980 through Fall 1981.

Table V-4 presents transfers to each Illinois public university from public universities, community colleges and private institutions for 1981.

Table V-5 shows undergraduate transfers from each Illinois public university to each Illinois institution.

Section VI

DEGREES CONFERRED DATA

This section presents data on the number and type of degrees conferred by Illinois colleges and universities during the year ending June 30, 1981. The data are from the Higher Education General Information Survey (HEGIS) Form 2300-2.1.

Number of Degrees Conferred by Illinois Institutions

Table VI-1 presents the number of bachelors, masters, doctorate and first professional degrees conferred by Illinois colleges and universities from 1978-79 to 1980-81.

Table VI-2 presents the number of associate degree and certificate awards conferred from 1978-79 to 1980-81.

Number of Degrees by Academic Discipline, 1973-74 to 1980-81

Tables VI-3, VI-4 and VI-5 present summary data by HEGIS discipline showing the number of degrees conferred from 1973-74 to 1980-81. Table VI-3 treats bachelors-level; Table VI-4, masters; and Table VI-5 doctoral degrees conferred. Tables VI-6 and VI-7 present first professional and associate degree-level awards by "two-digit" HEGIS discipline.

Degrees in Various Fields of Study by Institutional Control, Sex & Race

Table VI-8 presents the number and percent of degrees conferred by Illinois colleges and universities by field of study, type of institution and level. Table VI-9 breaks out these data by field of study, sex and level. Table VI-10 presents degrees conferred by field of study, race and level.

Section VII

STAFF DATA

This section presents data on faculty and staff of Illinois public and private colleges and universities. The data are from the Resource Allocation and Management Program (RAMP), HEGIS Form 2300-3, "Salaries, Tenure and Fringe Benefits," and the Illinois Board of Higher Education's annual Faculty Credit Hour Study.

Budgeted Staff Earnings, Levels

Table VII-1 presents State-appropriated staff earnings for public university employees at each university by type of employee. The data for this table are from FY83 RAMP figures.

Table VII-2 presents budgeted staffing levels in Illinois public universities in staff years by staff classification and fund source.

Sex and Rank

Table VII-3 presents number and sex of full-time faculty by rank at each Illinois public university as of Fall 1981.

Table VII-4 presents similar data for private multi-purpose institutions in Illinois.

Salary

Tables VII-5 and VII-6 present average salary of full-time faculty at each public university by sex and rank; Table VII-5 presents data for faculty holding 9-month contracts, while Table VII-6 presents data for faculty on 12-month contracts.

Table VII-7 presents the percent of tenured full-time faculty at each public university by rank and sex.

Faculty Assignments, Load

Table VII-8 presents staff year faculty assignments at each public university by instructional activity and level of instruction.

Table VII-9 presents statewide student credit hours per staff year in Illinois public universities by discipline and level.

Section VIII
STUDENT COST DATA

This section provides information concerning student charges at all Illinois colleges and universities as of the Fall 1981 term. These data are from the Illinois Board of Higher Education's annual Tuition and Fees Survey -- and from figures submitted to the Illinois State Scholarship Commission.

Annual Tuition, Fees

Table VIII-1 displays annual tuition, fees and totals for full-time undergraduates and graduate students at each Illinois college and university. Figures represent in-state charges only for public universities.

Table VIII-2 presents annual tuition and fee charges for full-time professional students enrolled in selected areas of study at those Illinois colleges and universities offering first-professional degree programs.

Table VIII-3 presents detailed undergraduate fee charges at each Illinois public university.

Table VIII-4 presents student charges per credit hour for tuition and fees and total annual tuition and fees at Illinois public community colleges during the academic year 1981-82.

Room and Board Charges

Table VIII-5 presents annual charges for room and board at each public and private college and university in Illinois.

Section IX

STUDENT FINANCIAL AID DATA

This section presents data relating to student financial aid at Illinois colleges and universities summarized from the annual Illinois Student Financial Aid Survey. Tables IX-1, IX-3 and IX-5 present data relating to the dollar amount of financial aid awards. Tables IX-2 and IX-4 show the number of financial aid awards to the three sectors by source and type of award.

Trends in Dollars Awarded

Table IX-1 shows the amount supplied each sector by each source from 1976-77 to 1980-81.

Table IX-3 breaks down dollar awards to undergraduates by source, sector and type of financial aid.

Table IX-5 breaks down dollar awards to graduate students by source, sector and type of financial aid.

Trends in Number of Financial Aid Awards

Table IX-2 shows recent trends in the number of undergraduate financial aid awards, with breakdowns according to source, sector and type of award. Table IX-4 uses the same format to show recent trends in the number of graduate financial aid awards.

Section X
FINANCIAL DATA

This section presents information on financial support and expenditures for higher education operations and grants programs and on financial support for capital construction.

Summary of Historical Appropriations

Table X-1 provides an historical summary of annual State operating appropriations to higher education from FY1977 to FY1982.

Detailed Appropriation Trends

Tables X-2 to X-5 present annual State appropriations from FY1977 to FY1982. Table X-2 details appropriations to community colleges, while Table X-3 details appropriations to the Illinois State Scholarship Commission. Table X-4 shows State appropriations for health education grants to private institutions. Table X-5 provides detailed data on State appropriations to the State Universities Retirement system.

Table X-6 presents three-year trend information showing State appropriations to public universities by source of funds and institution for FY1980 to FY1982.

Revenues

Table X-7 presents total audited revenues for Illinois public community colleges for FY1978 to FY1981. Table X-8 details current fund revenues by source at private institutions for FY1980.

Expenditures

Tables X-9, X-11 and X-12 detail current fund expenditures by function at Illinois public universities, community colleges and private institutions, respectively. Table X-10 breaks down annual audited expenditures for community colleges for FY1978 to FY1981.

Tables X-13 and X-14 provide per credit hour instructional expenditures at Illinois public universities. Table X-13 shows per credit hour instructional costs by student level, while Table X-14 summarizes per credit hour costs by discipline and level for all public universities.

Capital

Table X-15 presents an historical trend of capital appropriations for public higher education by funding source from FY1980 through FY1982.
